

David Farmer, licensed CPA, Manager in the Public Sector Practice Group of Virchow, Krause & Company, LLP, has worked in the accounting industry since 2000. He has extensive experience with numerous types of financial and compliance audits, general accounting issues, and consulting to public and private sector entities. David works with municipalities and school districts to implement Governmental Accounting Standards Board (GASB) pronouncements, including GASBs Nos. 34, 40, 44 and 45.

David manages and leads financial audits of municipalities, school districts, libraries, construction contractors, and not-for-profit agencies. He provides strategic planning and implementation services for government units, implementing Governmental Accounting Standards Board (GASB) pronouncements. He reviews and prepares comprehensive annual financial reports, which have been awarded a Certificate of Achievement for Excellence in Financial Reporting. He works with municipalities, school districts, and construction contractors to prepare regulatory reports, including Tax Increment Financing Reports and prequalification statements. He provides fixed asset assistance for municipalities and school districts. He presents annual audit and financial results to clients' board members.

He is a member of the Illinois Government Finance Officers Association (IGFOA) and the Illinois Certified Public Accountant Society (ICPAS). He graduated from the University of Illinois with a Bachelor of Science in Accountancy.
